~~Draft~~ Bye-laws framed under Rule 8 (1) (a) of the Rules published in Government Notification No. L. 7346-V,P. 63-43-2 dated Bangalore, the 19th January 1944, for regulating the construction and restoration of buildings in the Hindustan Aircraft Sanitary Board area.

---

1. No structure of any description or composition intended for any purpose whatsoever shall be put up in the Sanitary Board area without the written permission of the President, provided that this bye-laws does not apply to the structures to be put up by the Hindustan Aircraft, Ltd., within the factory area.

2. The Sanitary Board shall have power to permit constructions or structures of any description on the lands specifically set apart for building purposes, or on agricultural lands converted for the same purpose according the provisions of Mysore Land Revenue Code.

3. No shops should be kept in the areas set apart for coolie lines or solely for dwelling purposes, unless specifically permitted by the President.

4. Except where dwellings are built of masonry with pucka roofing, providing doors of at least 6' x 2½' and windows 2' x 1½' for each room or compartment, all huts and buildings of a temporary nature intended for human habitation shall be at least 10 feet apart from each other or any other building and shall have an open road way in front and rear of not less than 15 feet in width.

5. All huts and buildings of a temporary nature shall be constructed of such materials and such dimensions as may be permitted by the President, Sanitary Board (specified in the license), amd shall be inhabited by not more than one family not exceeding seven persons except with the permission of the President.

6. No single room or compartment of any permanent dwelling place shall be less than ~~8½~~ feet in length, ~~8½~~ feet in breadth and 8 feet in height, inside, unless specifically permitted in writing by the President, and shall have such means of ventilation as in the opinion of the Health Officer is sufficient.

7. The owner or keeper of a building shall keep the premises clean, in good repair and in a satisfactory sanitary condition.

8. All vacant sites acquired or held for building purposes shall be held subject to the following conditions:-

(i) No building of any description shall be commenced until the plan and specification of the same are approved by the President, provided that this condition shall not apply to the buildings constructed in the Hindustan Aircraft, Ltd., for their own purposes.

(ii) No excavations or unsightly pits for procuring earth or other materials for building purposes shall be made in or near any building site.

(iii) No transfer of ownership or tenancy shall be registered without giving previous notice to the President.

9. No building or structure of any description or composition for any purpose whatsoever shall be erected, improved or altered without the previous written permission of the President, Sanitary Board, who may after obtaining the advice of the Halth Officer and Engineer grant or refuse such permission, specifying reasons in case of refusal.

10.

10. Permission of the Sanitary Board shall be presumed to have been granted if within one month from receipt of such notice the President does not signify his approval or disapproval of the proposals of the applicant, provided that such construction or restoration or improvement be otherwise in accordance with the provisions of these Bye-laws.

11. Every application for permission to build or to improve shall be in writing and presented to the President, Hindustan Aircraft Sanitary Board, Bangalore and shall contain the following particulars:-

(1) Name of locality;
(2) Size of building with description thereof;
(3) the number of rooms with their dimensions;
(4) number of doors and windows with measurements;
(5) Purpose for which the building is intended;
(6) arrangements for drainage;
(7) location of latrine;
(8) the level of the foundation and lowest floor;

(10) a plan in duplicate showing the sections and elevation, provided no such application shall be required in the case of a building erected by the Hindustan Aircraft, Ltd., for their purposes and not for dwelling.

12. Any building constructed without due authority under these bye-laws and any building or structure of any description deemed to be dangerous to the public safety shall be suitably repaired or demolished by the owner thereof within three days from the service of a notice signed by the President to that effect, provided that in the event of default to comply with the terms of the notice, the President shall have power to enter upon the premises and carry out the repairs or demolition at the cost of the defaulter, and recover the cost of such repairs or demolition as an arrear of Land Revenue. This power shall be exercised by the President notwithstanding any other action taken against the defaulter under rule 8 (2) of the Rules issued under the Notification No. L. 7346-VP/63-43-2 dated the 19th January 1944.

13. The owner of every un-inhabited building or portion of a building which is in a dilapidated or dangerous condition shall be bound whenever required by the President to dismantle the same and to have the walls levelled to the ground.

14. Whenever the President considers the interior of a building is so overcrowded as to be or likely to become dangerous or prejudicial to the health of the inhabitants of that or neighbouring building he may issue notice to the owner or person in charge of the building to abate the number of lodgers, tenants or other inmates residing in the building to such an extent as he deems necessary. Such owner or person in charge of the building shall comply with such requisition within a week from service of such notice on him.

15. Whenever the Sanitary Board consider that any block of building is by reason of such buildings being crowded together, or want of drainage, or ventilation and the impracticability of cleaning attended with the risk of disease to the occupier thereof or to the inhabitants of the neighbourhood, they may cause a notice to be fixed to some part of such block requiring the owners or the occupiers thereof within a reasonable time to be specified in such notice to execute such works or to take such action as the Sanitary Board may deem necessary for the prevention of such risk.
